Soap exfoliates marine wave

Description

Soap exfoliates marine wave it is a soft sponge completely immersed in a soft soap bar with variable fragrances. The peculiarity is to combine the very high concentration of the active ingredients of the soap with which it is imbued, with intense fragrances.

Directions for use: Moisten the sponge soap, first pass the part of the soap over the whole body, then turn to the part of the sponge and massage the areas to be treated. Rinse thoroughly.

Recommended for all skin types.
