## Description

The mineral salts contained in thethermal water combined with wheatgerm oil, sweet almond oil, jaluronic acid and vitamin E, make this cream unique.

It has a triple action:

- a moisturising effect: by allowing the skin to retain the essential amount of water, assuring it a firm and youthful look
- a softening effect: thanks to the presence of wheat-germ oil that makes the skin smooth and velvety
- a nourishing effect: the steady use of the product helps prevent wrinkles and reduces the already existing ones.
