Manufacturer [Ischia Le Terme della Bellezza](#)

Description

Rich in active substances: **titanium dioxide** (that has high whitening properties but is also protective against solar agents), **alphahydroxide acid complex** (fruit acids which exercise chemical peeling by an exfoliation of skin layers, eliminating the most external cells thus enabling a renovation with considerable rejuvenation of the skin), **whitening complex** (lemon extract, citric acid and cucumber extract carry out an illuminating effect on dark skin and a whitening effect on spots), **kojic acid dipalmitate** (blocks the formation of melanin). Apply on face and hand spots by delicately massaging.

Units in box: bottiglia
